

# Add Server Password

**Before following these steps, make sure to stop your server first. This is to avoid breaking anything on your server while you edit.**

**Step 1:** Head to your game panel and look for your **File icon** on the left hand side.

// Photos to be added on AH 2.0

**Step 2:** When you are in you files, scroll down until you see a file named: **serverconfig.xml**

// Photos to be added on AH 2.0

**Step 3:** Open the file and look for the line that says: **<property name="ServerPassword" value=""/>** . When you have found this line, you just need to add a password in the Value area.

Before:

```
<property name="ServerPassword" value=""/>
```

After:

```
<property name="ServerPassword" value="Thisismynewpassword"/>
```

//Photos to be added on AH 2.0

**Make sure to save before exiting the file.**

**After Completing these steps, you can now go and start you server.**
