

# WinSCP

## 1. Download

Download [WinSCP](#)

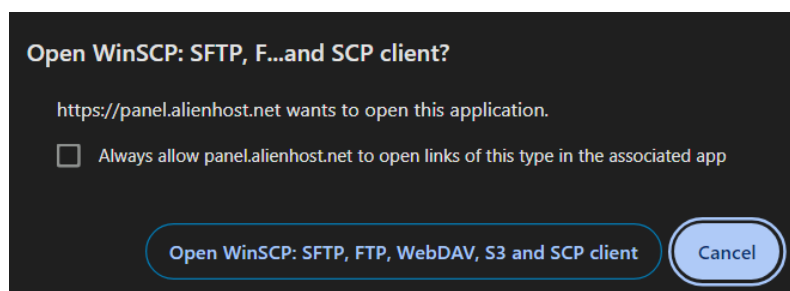

## 2. Getting credentials

Head to the settings tab of the server(s) you want to transfer files to

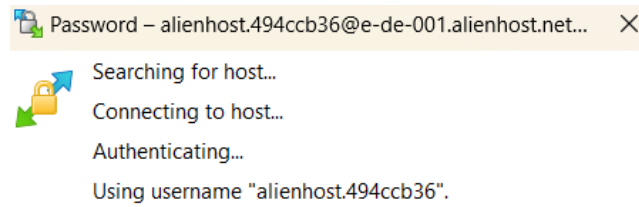

## 3. Connecting

Connect by clicking Launch SFTP, a popup will appear on your screen.

Click on "Open WinSCP"

A screenshot of a password prompt dialog box. It has a label "Password:" above a text input field. Below the input field are three buttons: "OK", "Cancel", and "Help".

Put in your panel's password and click "Ok"

Now you should be connected (if the password was correct).

### 3a. How to transfer files

Select the file you want to transfer by left clicking on it, wait 1 or 2 seconds, now click on it again and drag it in the correct directory. You successfully transferred a file!
