Change Server Name

Before following these steps, make sure to stop your server first. This is to avoiding breaking anything on your server while you edit.

Step 1: Head to your game panel and look for your **Startup icon** on the left hand side.

// Photos to be added on AH 2.0

Step 2: Look for the box that says **SERVER NAME**. When you find this box, click on it and add what ever you want your server name to be.

// Photos to be added on AH 2.0

After Completing these steps, you can now go and start you server.

Add Server Password

Before following these steps, make sure to stop your server first. This is to avoiding breaking anything on your server while you edit.

Step 1: Head to your game panel and look for your **Startup icon** on the left hand side.

// Photos to be added on AH 2.0

Step 2: Look for the box that says **SERVER PASSWORD**. When you find this box, click on it and add your new server password.

// Photos to be added on AH 2.0

SAVE CONTENT

Step 3: Add in there **SteamID64 (Dec)** to the file.

Use this link to find players ID <https://www.steamidfinder.com/>

The screenshot shows a text editor window with a dark theme. The title bar at the top indicates the file path: `/ home / container / .config / unity3d / IronGate / Valheim / adminlist.txt`. In the top right corner, there is a dropdown menu set to "Plain Text" and a purple button labeled "SAVE CONTENT". The main text area contains the following content:

```
1 // List admin players ID ONE per line
2 76561196122117092
```

At the bottom of the editor, a small copyright notice reads: "Pterodactyl® & Alien Labs Studios © 2024".

If you want to add more admins to your server, just add there **SteamID** on another line as seen in the photo below.
